MUSIC AT KOMMERS.

Mr. Stone Entertains Students with Good Pianoforte Recital.

Mr. Ernest Thompson Stone entertained eighty-three men at the Kommers Saturday with a piano recital. Mr. Stone's selections were excellent, and his rendition of them was very good indeed. The men listened to him with great attention, and very plainly appreciated Mr. Stone's kind service of entertaining them. The Kommers, all in all, was one of the best that has been held.

Mr. Rand told a story, and spoke about the necessity of a man's getting his Kommers' ticket ahead of time. Mr. Guy Ham, Assistant U. S. District Attorney, is to speak next Saturday General Bancroft will give an illustrated lecture on the Boston Elevated Railway System on April 21. This lecture will be given in the Gym after the dinner so that a stereopticon can be used.

Mr. Stone's program was as follows:

Suite in D Minor	*D'Albert*
Reverie	*Schuett*
Capriccioso	*Schuett*
Etude	*Mendelssohn*
A. D. MDCXX	*MacDowell*
Gavotte	*Bach*
Narcissus	*Nevin*
Prelude	*Rachmaninoff*
Polonaise	*Chopin*

E. H. S. C. MEETS.

The meeting of the English High School Club was held at 1.30 P.M. last Friday, in 26 Rogers. H. L. Carter, '08, presided. Cook, '08, and Monahan, '07, were elected a committee to arrange for the annual dinner, which will be held at the Tech Union some Thursday in April.

ABOLISHES ATHLETICS.

Dean Holgate, acting president of the Northwestern University, recently announced to the student body that the university had abolished for five years all intercollegiate athletics, including football. That sport hereafter will be confined to the student body within the college. This announcement was made in chapel and was greeted with hisses by the athletic students who were present.

The debts of the athletic association, amounting to $12,000, will be assumed by the university.

A NOVEL TUG-OF-WAR.

Instead of the annual hair-cutting war between the Freshmen and Sophomores at the University of Michigan, which has caused many serious injuries, it has been decided to have a tug-of-war across the Huron River. One hundred men will be chosen from each class and stationed on opposite sides of the river. A long rope will be utilized and one class or the other will be dragged through the river.

GIVE GOOD CONCERT.

Musical Clubs Play at the Colonial Club, Cambridge.

The Musical Clubs were given a rousing reception at the Colonial Club, Cambridge, Saturday evening, and outdid all former performances. It was "Dutch Night" at the club, and over one hundred members were present. Plenty of cigars, beer, and food were in sight, and the Tech men had the time of their lives.

Every club was at its best and the program, while consisting of pieces used all winter by the clubs, was received very enthusiastically. The selections were well rendered and deserved the hearty applause given them. The program:

"Winter Song" *F. F. Bullard, '87*
Glee Club
"In Love's Garden" *Gustin*
Mandolin Club
'Cello Solo *Selected*
Mr. Abbot H. Thompson, '08

MINING ENGINEERING SOCIETY.

A meeting of the Mining Engineering Society was held Tuesday, March 20, in 26 Rogers at 7.30. The question as to initiation of new members was discussed and laid over until next meeting, pending the report of the committee.

Professor R. H. Lodge was the speaker. The subject was "Ores from a Commercial Standpoint," and covered the staking out of claims, some mining laws, sampling of ores, etc. The meeting adjourned to the Technology Club, where refreshments were served.

TENNIS ASSOCIATION MEETS.

The Tennis Association appointed a committee to draw up rules for the use of the courts, accepted the resignation of Pres. R. D. Gatewood, and discussed plans for the ensuing season, at a meeting Friday at 1 P.M. in 11 Rogers. The rules committee for the courts consists of J. I. B. Larned, '07, P. R. Fanning, '08, and J. S. Nicholl, '07.

The two courts at the Technology Field are to be enlarged, to permit doubles to be played. A nominal fee of 50 cents for the season will be charged for the use of them. J. I. B. Larned, '07, will be temporary chairman of the Association until the next meeting, which will be held in about two weeks, when an election will take place.

TRACK TEAM HOLDS DINNER.

Mr. Mahan Speaks of the Advantages of Having Professional Coaches.

The Track Team held its annual dinner last Friday evening at the Tech Union. Fifty men were present, including the guests, Ellery Clark, President H. S. Pritchett, Maj. F. H. Briggs, '81, chairman of the alumni advisory council on athletics, Coach John Mahan, and M. T. Lightner, '06, captain of last year's team, and formerly captain of the Harvard track team.

Mr. Clark was the guest of honor, and talked to the men on track athletics in general, discussing the question from the points of view of its physical, mental, and moral advantages. Mr. Clark went on to say that one of the great evils in modern athletics was the training a boy received in a preparatory school.

Coach Mahan said that in the athletic reform wave sweeping over the country the phrase most heard was, "Abolish that professional trainer." Mr. Mahan said that if people would stop to think they would see that the trainer was what a school needed. The trainer, provided he is a man who is making coaching a life business, prevents men from overtraining; regulates their work so that they receive the proper amount of exercise. "Every 'professional trainer,'" said Mr. Mahan, "looks at athletics as we here at the Institute look at it—that is, athletics for the sport's sake only. And if the 'professional trainer,' who is as much a professor as the man who makes his life work the instruction of mathematics, had his own free way athletics would be purer, cleaner, and more beneficial."

Mr. Mahan announced that a meet had been arranged with Williams, to be held at the Technology Field, Brookline, May 12. The annual spring handicap meet will be held on April 21, and the track team will enter the annual meet of the New England Intercollegiate Athletic Association at Worcester, May 18 and 19. Mr. Mahan expects to send a fast relay team to Philadelphia for the annual games of the University of Pennsylvania which will be held during the month of April.

PROFESSOR SWAIN'S READING.

Professor Swain read from a passage in "Self Help" by the late Samuel Smiles, last Friday afternoon in 6 Lowell. Instances were cited of the achievements of men who by their persistent efforts in the minor walks of life had risen to the top. George Stephenson with characteristic persistency spent thirty years in perfecting a steam locomotive which was a success in its own field of usefulness. Often, however, the desired results are not accomplished within one man's lifetime, or perhaps as with Gladstone it was not until his old age that his best work was done.

Athletics.

The business which is made of athletics in many of the colleges throughout the country, and the evils resulting therefrom, lead to a consideration of the situation here at Technology. Fortunately the spirit of work here does not attract a professional athlete, and the eligibility rules are not such as would put sport on a commercial basis. "Athletics for the sport's sake only" is the natural policy, and in this policy lies the purity and strength of athletics at Technology.

SENIOR RESOLUTIONS.

WHEREAS, The Almighty God has chosen to remove Perley Kennison Dodge from our ranks, and

WHEREAS, The members of the Class of 1906 of the Massachusetts Institute of Technology feel a deep sorrow in the loss of one who, by his earnest work and his quiet and friendly manner, has won the esteem of all. Therefore be it

Resolved, That by the decease of our classmate the Institute has lost a valuable exponent of its ideas, and the Class has lost a friend and helper; and be it further

Resolved, That we hereby extend our sincere sympathy to the bereaved family; and be it further

Resolved, That a copy of these resolutions be spread on the minutes of the Class, and that they be published in THE TECH.

For the Class,

MR. SPRAGUE ADDRESSES MINERS.

Mr. Sprague, '87, gave the fourth of his series of lectures on "Electricity in Mining" on Friday at 4 P.M. in 2 Rogers He continued his discussion of electric locomotives, and said that in order to obtain economical results the machine should not be designed to run at a much higher speed than that at which it is commonly used. A dynamometer, such as is used to determine the pull of a mule or locomotive on a train of cars, was exhibited, and it was shown that the draw-bar pull was a more logical method of rating locomotives, than one based on the horse-power developed.

A discussion of the potential to be used in the mains followed, and the question of wire insulation was also taken up. The last part of the hour was given up to showing lantern slides. Many photographs of methods of wire suspension and power transmission in mines were projected and afforded interesting examples of practical applications of the principles explained in the earlier part of the lecture.

MECHANICS MEET.

The following Sophomores were elected to the Mechanical Engineering Society at a recent meeting: H. R. Callaway, H. W. Hoole, C. A. Hall, J. S. Barnes, A. R. Hunter, J. C. Brooks. In the near future the Society intends to make an excursion to the Watertown Arsenal. Arrangements for the trip will appear later.

The Harvard-Cornell race on Charles River will be held on May 25, instead of May 26.

AT THE THEATRES.

Majestic Theatre.

The first Shubert attraction at the Majestic Theatre will be the new musical satire "The Social Whirl," written by Charles F. Doty and Joseph Herbert, with music by Gustav Kerker, which will begin a strictly limited engagement at this playhouse this evening. "The Social Whirl" is by far the most important musical production of the year, as it is destined for the spring and summer attraction at the New York Casino.

The action of the play in the first act takes place at a popular manicure establishment, while the second act shows the clubhouse and race course of a country club. The story concludes with an exciting steeplechase in which Miss Adele Ritchie rides the winning horse and takes the final jump upon the stage in full view of the audience. Prices will range from 25 cents to $1.50.

Tremont Theatre.

"The Heart of Maryland," which David Belasco will present this week at the Tremont Theatre, is one of the most popular dramas ever produced on the American stage, and is this season having its tenth anniversary revival, being equipped with entire new scenery and accessories, and interpreted by a distinguished cast, including Odette Tyler and Edna Wallace Hopper.
